## Are we to become absorbed by Banbury in a 'land grab' for more unwanted housing?

Below has been copied from the 'Bloxham Broadsheet' - The Milcombe Parish Council will not comment on this proposal until it has formally been submitted to the CDC, as such this is not the view of Milcombe Parish Council at this time but for your information in advance.

**They are proposing almost 100 new homes next to the recreation ground on the South Newington Road.**

Their document takes the form of questions and (their preferred) answers and so we take a look at those questions but with our own thoughts for the answers.

Who are Gladman? Gladman don't build. Basically they secure planning permission for land thus increasing its value from maybe a few tens of thousands of pounds per hectare to more like a million pounds per hectare. - and of course they take their reward for this service. Historically they have been specialists in doing this for rural greenfield sites as this maximises profit with no "clean-up" costs and a strategy of largely bolting onto existing infrastructure rather than having to create new.

### High St. Parking

How could Bloxham Benefit? Gladman believe extra population will provide an opportunity to improve the range and quality of local services. This rather ignores the constraints at work. The primary school has no room to expand further. The Warriner School is already having to expand and struggling to offer a way of doing so without further increasing the school-run traffic chaos on the A361. Trade at the High St shops is limited by parking rather than population and we know from the data used by major retailers this new development is well beyond the distance most people are willing to walk with shopping. We have already had very many 'affordable' new homes in the past few years only a tiny minority of which went to people with a strong village connection.

Why Bloxham? Gladman argue this is a suitable and sustainable location for new development. The recent Neighbourhood Plan documentation challenged such assumptions on a whole range of measures including traffic, retail, parking and schools. That plan was accepted and approved by Government Planning Inspectors.

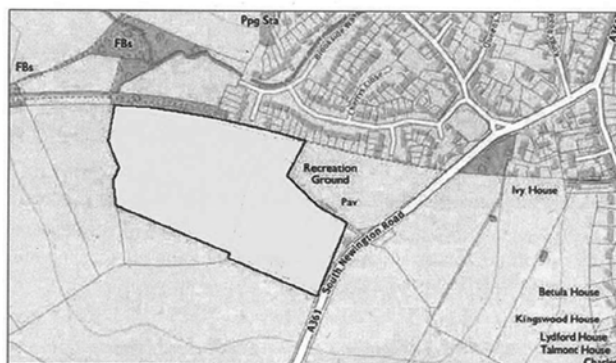

### Accident 150m from proposed access road

Will our roads cope? We've all seen developer traffic reports worthy of consideration for the Man Booker prize for fiction! The recent Gladman (Bovis) Estate on the Barford Road was approved on the condition that solutions to the traffic congestion at the mini-roundabout were sought. Three years later clearly no solution has been forthcoming: that's because there is no solution. Gladman are now suggesting building 95 new homes within a few hundred metres of this roundabout. As a comedian once said "It's Déjà vu all over again!"

Will our local services be able to cope? As previously mentioned it asserts that increased population equates to a boost to the local economy: either a naive or deliberately misleading statement that pays little heed to the realities of life in a village that has already almost doubled in size in recent years.

### Flooding Risk

Will it increase the risk of flooding? Developers do have a responsibility to mitigate any increased risk. Residents will know that the adjacent slade nature reserve and the recreation ground flood rather more often than one would like - but Gladman correctly state the proposed site is not amongst the higher flood risk areas of the village. Given our increasingly extreme weather the question is - will proposed attenuation basins guarantee that the inevitable increased surface water run-off won't overwhelm an already struggling water network elsewhere in the village?

Contains Ordnance Survey data © Crown copyright and database right 2

Does it comply with Local Planning Law? It is a major development outside of the built-up boundary of the village and so is certainly not compliant with the Neighbourhood Plan.

Also by extending the boundary down the South Newington Road it sets a potential precedent meaning that the fields on the opposite side of that road running up to the back of the Barford Road and the Bloxham Park Estate - for which planning permission has previously been considered - would likely be re-considered for categorisation as infill status.

### What Happens Next?

Once Gladman have formally applied to Cherwell District Council the official consultation will open via the council.

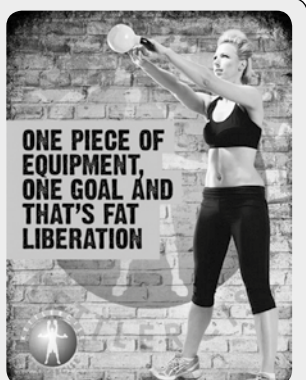

Whether you are in favour or against - you are encouraged to express your views on the proposal at that stage. We'll keep you informed.

Gladman themselves are also seeking your comments. On the one hand this allows them to muster arguments to counter objections before the official planning procedures commence but equally if they receive no objections they will doubtless make great play of this.

You can email them at [comments@your-views.co.uk](mailto:comments@your-views.co.uk) or via their website at [www.yourviews.co.uk/bloxham](http://www.yourviews.co.uk/bloxham)

**SAMARITAN'S PURSE CHRISTMAS SHOEBOX APPEAL** – St. Laurence's PCC agreed to take part once more in the Operation Christmas Child Shoebox appeal bringing gifts – and smiles – to under-privileged children across the world. Last year 10.6 million shoeboxes were filled and taken to children living in poverty and need in over 100 countries. **PLEASE HELP IF YOU CAN BY DONATING A GIFT-FILLED SHOEBOX OR JOIN WITH A FRIEND AND FILL ONE BETWEEN YOU.** The Shoeboxes have to be ready early November and leaflets will shortly be available from the table inside the Church.

**MILCOMBE CALENDARS** will soon be on sale with photographs of OLD MILCOMBE in aid of Church funds with grateful thanks to Andrew Watts. There are also some tea towels, mugs and cards still available which were also donated by Andrew Watts. All will make excellent Christmas gifts and, at the same time, you will be helping to keep St. Laurence's Church open for the community.

**THANKS** are extended to Suzette, Blue and Rev. Christine Turner for the very successful afternoon tea held in July and to those who supported the event.

*WE WISH CHRISTINE AND STEPHEN EVERY HAPPINESS FOLLOWING THEIR MOVE TO BANBURY. WE WILL MISS THEM BOTH AND ARE VERY GRATEFUL FOR THE HELP THEY HAVE GIVEN ST. LAURENCE'S OVER THEIR 14 YEARS LIVING IN MILCOMBE. WE HAVE NO DOUBT THAT THEY WILL CONTINUE TO SUPPORT OUR CHURCH AND LOOK FORWARD TO CHRISTINE ONCE MORE CONDUCTING OUR SERVICE ON CHRISTMAS DAY. Thank you both!*

**EARLY DIARY DATES** – PLEASE NOTE THAT THE CHRISTMAS TREE LIGHT-UP THIS YEAR WILL TAKE PLACE ON SATURDAY, NOVEMBER 30th, not to clash with the Christmas tree festival being held in St. Mary's the weekend of December 7th/8th. THE CHRISTINGLE SERVICE WILL BE ON SUNDAY, DECEMBER 22nd.

**THE CHURCHYARD** – A polite reminder to those tending graves to ensure that all waste is recycled in the correct bins. Old Oasis and cellophane wrappings should be placed in the green bin please and it would be appreciated if waste is not deposited on the grass heaps.

DOG BAGS are available in Church at the back of the organ.

Please continue to **SAVE YOUR USED CLEAN CANS** which Peter Booth takes for recycling in aid of Church funds. These should be placed in the bin at the side of the porch.

Please also continue to **SAVE YOUR USED STAMPS AND PRINTER CARTRIDGES** which Tony and Joan Stickings take to the Redwing Horse Sanctuary near Stratford. There are boxes for these just inside the main door.

The Church is open daily from approximately 10.00am-4.00pm and you are very welcome to come in and just sit for a moment of quiet prayer and reflection. There is a Prayer Book just inside the main door for you to write in your own personal prayers.

We have a small band of just 4 volunteers who unlock and lock the Church daily on a monthly rota. Thank you to Rose O'Carroll, Brian French, Peter Kershaw and Michael Haynes. It would be very helpful if we could have just one more volunteer to help those who are already committed in carrying out this important duty. If you think you can help, please contact the Vicar or one of the Churchwardens.

Rev. Dale Gingrich can be contacted on 01295 720252 or email [office@bloxhambenefice.co.uk](mailto:office@bloxhambenefice.co.uk)

## Parish Council/Village Matters:

**Emergency Planning** - Emergency Bags had been received from the County Council and would be distributed to every property in the village.

**Highways** - Works which were required to potholes, footpaths, drains, roads, trees/hedges over hanging a boundary should all be reported to the County Council's Fix My Street web site <https://fixmystreet.oxfordshire.gov.uk/> rather than to the Parish Council.

**Play Area** - The Oak Farm Phase 2 planning application which would release the funds for the new play equipment had still not been determined by Cherwell District Council, but the Parish Council was checking regularly on progress.

### Planning:

**Gladman Developments Limited** had circulated leaflets in some parts of Bloxham with regard to a **proposal for 95 houses** on South Newington Road. If the planning application has been submitted to Cherwell District Council by 3 September 2019, then the Parish Council will be discussing this at its meeting that evening. Information on the proposal is available at [www.yourviews.co.uk/bloxham](http://www.yourviews.co.uk/bloxham) and there is a useful summary on the Bloxham Broadsheet web site. <http://bloxham.info/broadsheet/95-new-houses-proposed-for-bloxham-july-2019/>

Please submit your comments to Gladman's using this link [www.yourviews.co.uk/bloxham](http://www.yourviews.co.uk/bloxham) but please also submit them again to Cherwell District Council when the actual planning application is submitted, which had not happened, as at 7 August 2019.

**19/1195/F - Single storey extension at Fieldside, Paradise Lane** - The Parish Council has no objection to this application and does not agree that this application will affect the listed buildings opposite as stated by Planning officer, because the additional extensions allowed at Coombe House (next door) were much closer to the converted barns opposite.
